# welcome

JC Interior Contracts have over **30yrs experience as interior fit out contractors, interior furnishers & bespoke joinery specialists**. We operate successfully in a variety of sectors ranging from prestige hotels, leisure and commercial interiors to high end residences, providing new or refurbished interiors from concept to installation.

As Principal contractors and Joinery Contractors our experienced Project Management teams provide a fully professional approach to all sizes of contracts ranging from £2,000 to £1,200,000 throughout the UK.

We believe our unique combination of Fit Out contracting, bespoke joinery services, furniture manufacturing and a highly skilled multi-disciplinary facility which is capable of producing high quality products, provides our clients with the certainty of a project being delivered on time and on budget.

# about us

Established over 30 years ago we are a multi-disciplined fit out business with a well equipped manufacturing facility based in the West Midlands working predominantly in the Leisure & Hospitality Sectors as Interior Fit out Contractors and Furniture Manufacturers.

A **culture of craftsmanship** underpins the company, this being evident in the nature of work we undertake, delivering designers' aspirations in a large range of materials from traditional hardwoods and veneers through to stainless steel, corian, laminates, granite, glass and semi-precious stone etc. Contracts are **professionally managed** with health and safety being core to our operations, both on site and in our factory.

Our **contract management** expertise enables us to deliver projects of significant value as we can utilise our extensive network of over **300 personnel** to resource additional and varying skills.

- Interior fit out & refurbishment
- Bespoke Joinery services & products
- Contract furniture
- Bars & Counters
- Concept Development
- CAD and 3D design
- QS Services & Estimating
- Project Management

# interior fit out

As a manufacturer and installer of complex, quality, multi-material interior design schemes, our **technical design and CAD office, with 3D modelling** capabilities, enables us to provide a design-lead problem solving approach and **value engineering**. Consequently, our clients, whether architects, interior designers, main contractors or sub-contractors all benefit significantly from our early project involvement.

We provide full **project management** for each interior contract, including all building services, M & E and decoration.

As **principal contractors** within the leisure Interior Contracting Industry, we work nationwide specialising in Restaurants, Hotels, Casinos, Nightclubs, Pubs/Bistros and Cafe-Bars, often working in environments such as Universities, Airports and Shopping Centres.

We also specialise in the full **bespoke joinery package** including bar counters and back fittings, reception counters and built in case goods etc.

# furniture

As a UK manufacturer and supplier of contract furniture to the leisure and hospitality industry, JC Interiors provide both **outdoor and indoor** furniture solutions.

Our loose and fixed seating is suited for all venues including Restaurants, Hotels & Spa, Casinos, Bars & Clubs and Airports.

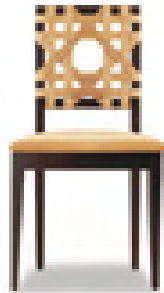

As the diversity of projects and requirements is vast, our **UK and overseas manufacturing facilities** and partners provide the perfect solution to provide all aspects of indoor and outdoor furniture including **case goods, soft seating, bar stools, chairs, fixed seating, table tops and bases.**

We have an established manufacturing facility with a dedicated workforce working in an extensive range of materials and production processes, of which is complemented by our UK and overseas warehousing facility, ensuring all manufactured goods are ready for call-off and delivery to meet those crucial installation deadlines.

## get in touch

- **JC's Head Office is located just outside Wolverhampton and is conveniently situated within easy access of Birmingham and the M6. This is the hub of the Company where the Project Managers, the Designers and the QS and Estimating teams are based and is the centre for strategic planning and production of information.**
- The office contains a comprehensive selection of samples illustrating all elements of the design process. Having the design and procurement facility based in the same office as the Project management ensures that every element of the project; including all financial aspects, are controlled from the initial concept stage
